[redacted]:The most fantastic place in Andalucia !! Traditional old Andalusian farmhouse converted into a successful business with 6 selfcontaining apartments and a private 2-story house with pool situated at the border of the El Chorro Lakes is simply breathtaking !! Located on a unique spot in the Malaga mountains, right down to the Guadalhorce lake and next to the natural park containing the world-famous attraction Caminito del Rey. It is the only house by the Guadalhorce lake and the views are completely unspoiled of pure nature - without a house in sight. The business was started in 2007 and has been successful from the beginning, with over 1000 happy guests, endless positive reviews and lots of repeater clients coming back year after year. It consist of 6 well-equipped, light and beautifully decorated studio apartments designed for couples, each with private kitchen, private bath and a terrace with amazing lake views. The private house (owner accommodation) is an old hayloft and the original stables converted into a stunning 2-story house with amazing views over the lake from kitchen and living room, 2 bedrooms, 2 bathrooms, 2 large terraces, a fenced garden, a private pool and private parking. The private house enjoys complete privacy from the guest section. Viewing is a must !!
