[redacted]:Vitae Villas is designed and built for comfort, enjoyment and well-being, embracing the environment at its best. From inception to completion, each villa is unique and customized to the plot, orientation and views, offering a product of excellent quality that responds to the most discerning taste. This hidden gem is completely integrated with the mountain plot located in the Monte Mayor Valley. This is one of the most ingenious designs in the Vitae Villas portfolio. Villa K7 offers privacy and spectacular views across the green valley towards the Mediterranean Sea. It is one of the villa in Zone K, a section of Monte Mayor that is known for its privacy, pristine nature and unrestricted views. Each villa meets an absolute standard of excellence in engineering, materials and craftsmanship. Guided by principles of cutting-edge, sustainable design, the villa adapts to the natural environment, integrating indoor and outdoor spaces and engaging people with their surroundings. The villas have a limited footprint on the natural environment and feature green roofs, solar energy and native drought-tolerant gardens. This eco-friendly approach enhances indoor environmental quality and creates a healthy, low environmental impact, low-maintenance habitat without compromising comfort and luxury. Call us and request a visit of this incredible villa. KDT
