Overview:Villa Daniela is a luxury semi-detached house with marble, wood and steel features, just a short walk from the beach, near to Fuengirola. An exceptional price for an exceptional home at the heart of the Costa del Sol. It is located in one of the quietest areas of Fuengirola, but one that offers all the comforts and amenities you may need, such as restaurants, shops, hiking routes, and of course, the beach. This 3 storey home plus roof terrace, has a unique bespoke design, built with the best quality materials and equipped with finishing touches that make all the difference in concept and comfort. On the basement level we find a large private area, almost like an apartment, with a bedroom and bathroom. On the ground floor is a very spacious, tastefully furnished living room, connected to a beautiful modern fitted kitchen, all designed to offer maximum comfort. A guest WC and a large terrace are also connected to the central living space. On the first floor we will find two bedrooms (each with their own terrace, whilst the main bedroom also has a huge dressing room), spacious bathroom with high quality furnishings, and access to the roof terrace. The roof terrace holds the secret to this villa. It comprises a leisure area, utility room, kitchen, bathroom and a swimming pool, with beautiful views of the beach and the sea. It is a place to chill out alone or in company, both during the sunny days and the enchanted nights. It benefits from an "Aero-therm" system, central heating, and air-conditioning. It is a home that is difficult to describe in words; you have to see it and experience it to believe it. Make an appointment with us to visit it and fall in love again!
