[redacted]:Attractive and very special country house with 56.000m2 of land. Enjoying stunning views over the countryside and mountains from where you will enjoy complete privacy, peace and tranquillity. With a lovely easy to maintain garden and beautifully tiled pool surrounded by spacious and inviting terraces. The property is fantastically built, using high quality materials, excellent carpentry, etc. It is only 10 minutes from Gauzín, and only 5 minutes from the nearest village where you can find restaurants, supermarkets and different shops as well as the friendliness of the local people and the train station from where you can get close to the airport or cities like Ronda, Málaga or Granada. The property is designed by the legendary architect Aubrey David. Distributed over two main levels. At the edge of the garden you can see deer in the mornings. There is a large flat area which is perfect for horses, planting, etc. It is possible to build stables or animal housing. The plot is full of cork oaks and big trees. This property is a real paradise in harmony with nature, a dream! A visit is Highly Recommended.
