[redacted]:Beautiful villa in Alcaidesa, with 220 sqm built and a 118 sqm garage. The total plot size is 600 sqm, there is a similar plot next door also for sale that you could buy for 180.000 Euros, this would be am ideal plot then for a large family home in a nique environment. The house inside is in a modern, funky budda classic style. The ground floor has a lovely living room overlooking the swimming pool, a modern kitchen, dining area, a toilet and one small spare room. The first floor has 4 double bedrooms and 3 bathrooms The house has a parking space in the entrance, garden around the house and swimming pool with views of the sea. Throughout the whole house really nice light fittings and it feels warm and inviting, but it is still bright and very natural.
