Overview:Nice plot in the mountains between the villages "El Chorro" and "Valle de Abdalajis". Both villages can be reached within 5 minutes and the larger village "Alora" is located at 15 minutes. This plot of 10.000 m2 is completely planted with olive trees. There has been permission to build an "almacen" of 50 m2 but unfortunately this licence has expired, but it might be possible to reactivate it again. Water and electricity are nearby. Beautiful piece of land with fantastic views.
