Overview:Detached 4 bedroom "bungalow" villa built on an elevated plot of over 2,800 m2 with panoramic views and a wonderful mature garden. It is located just below the town of Mijas in a very quiet and consolidated residential area. This detached 200 m2 villa is built on one floor and whose central axis is the pool and the wonderful mature garden, all with a perfect south and east orientation and views of both the Mediterranean Sea and the mountains. Access is through a central entrance hall that leads to the large kitchen on the right, with access to the dining room and living room and a covered terrace. To the left are the 4 bedrooms, the main one at the back with its bathroom "en suite" and the other three bedrooms sharing a bathroom. Also noteworthy are the outdoor terraces surrounding the pool and the mature garden that offer great views and lots of privacy. In the access area to the villa there is space to park more than 3 cars. In short, a great Villa with one of the largest plots in Mijas Pueblo with the best views over the Mediterranean Sea and the mountains, all just a few minutes by car from the Center of Fuengirola and therefore from the best beaches on the Costa del Sun.
