Printing day : 23rd
December 2024

Overview: The land as a whole is suitable for the development of a residential urbanization in which the appropriate typology will be available according to the quality of the land. The orientation is, fundamentally, north, south and east and in any of these winds you can enjoy extraordinary views that go from the southern slope of the town to the sea. Given the orientation of the land, exposure to the sun is total over the entire area.

Features:
