Overview:EXCLUSIVITY! UNIQUE PROPERTY!! Magnificent outstanding villa, built, planed and decorated by its owner, profesional architect and interior designer, who wanted to make it a haven of peace, a remarkable and stylish art deco style residence! Both the exterior of the property and the interior have been carefully and tastefully designed, in the style of this decorative art, design and architecture movement which appeared at the beginning of the 19th century. All the materials have been imported from France and special attention has been paid to every corner of the house. It is built on two levels. The main level consists of an entrance hall, a guest bathroom, a room currently serving as an office but can be used as a bedroom, two bedrooms each with their own bathroom, a large living room which opens on one side onto a lovely and spacious veranda and on the other onto the garden part and finally a superb fully equipped kitchen with a particularly efficient and unusual extractor hood system! The lower level which is accessed by a very pretty spiral staircase includes a small room used as a gym, a laundry room, a separate toilet, another larger room with a kitchen area which can be converted into an additional bedroom, games or other. Adjoining this is a space that can be used as a workshop. The most important part concerns a very large room where it has been fitted out a bedroom with bathroom, dressing room and several other storage areas. Great care and love has been taken in the design, decoration and development of this superb house which will appeal to the ones who love seduction, elegance and non conformity.
