2026

Overview: The plot has 5,300 m<sup>2</sup>. On it, 11 individual villa-type homes are stipulated in the project, each with a 500 m<sup>2</sup> plot, private pool and independent garage space. It is a private urbanization of villas where each one will have their total privacy. The plot is located 5 minutes from the town of Mijas, where you can find all kinds of services, schools and supermarkets. The plot has a fantastic south orientation with views of the sea from all points, therefore, all the houses will have sea views. In addition, it has urban and mountain views. The environment is natural, but with easy access to the Mijas road, which allows you to reach Fuengirola in 10 minutes by car, Malaga airport in 15 minutes and Marbella in 25 minutes. The plot has a construction license, which facilitates the development of the project. The promotion and construction of the project can be started from now on if desired.
