[redacted]:This luxurious penthouse is superbly located in the heart of Fuengirola with the seaside boulevard, and all amenities, shops and restaurants right at your doorstep. It has a spectacular 360º view from its 87m2 terraces, overlooking the sea, the Sierra Nevada and part of town. Decorated to the highest standard and all on one level with underfloor heating throughout, this property has a living area within its walls of approximately 200m2 and it features three ample double bedrooms, three bathrooms (of which one ensuite), a separate guest toilet, a very cosy living room with fireplace and dining area, a fitted kitchen with breakfast area, a sauna, a very practical utility room, a covered glazed room with jacuzzi/SPA pool, a stunning 31m2 glazed terrace for the colder winter days and two spacious open sunny terraces with awnings. It has the perfect orientation (SE-SW) with the sun shining on its terraces the whole day long. No worries for noisy neighbours next door as it is the only property on the top storey. You really have a good feeling of privacy here. Included in the price also comes a private underground gated parking place, right next to the lift which brings you straight to this fabulous apartment. Probably one of the best penthouses you can find in this town.
