[redacted]:Exclusive project in the Mijas area Buena Vista. Luxurious design. Excellent quality from assembly to finishing. The area between the famous white village of Mijas and Benalmadena Pueblo. As the name implies, this area is famous for its spectacular views and is now very popular in new developments for this reason. Our project is in a better position to absorb these views with easy access to highways and neighboring cities. Malaga airport is just a 15 minutes drive away. The villa is already built in June 2020. During the construction process, improvements were applied to the definition of equipment and home improvements, with these definitions there was an increase in the price of a fully completed house to € 1,150,000 (previous price without improvements € 990,000).
