after area of Cortijo Nagueles, Marbella; close to schools, shops, the beach and local amenities. Set on an
enormous 4000m2 plot are two villas connected via a doorway, both with a large private garden and swimming
pool. Each villa consists of four bedrooms; three bathrooms; living and dining area; and kitchen. With three private
garages in total and spacious driveways, built in fireplaces, Andalusian style courtyard, sea views and more. An
incredible opportunity not to be missed; can also be separate in the future into two independent villas.
