A photograph of a white, single-story house with a tiled roof and a green door. The house is surrounded by a brick-paved driveway and a white wall. A large, bushy purple flower is on the left, and a tall palm tree is on the right. A black lamp post stands near the entrance.

A large, ornate interior space, likely a grand hall or library, featuring a high wooden ceiling with exposed beams, a large staircase with a wooden railing, and a large rug. The room is furnished with a large wooden table, chairs, and a sofa. The walls are decorated with framed pictures and a large mirror.

■■■■■■■■■■:Finca "El Auryñ" Stunning "Southern Andalusian Cortijo". Designed by a well known Sevillian Architect- This Finca needs to be seen in order to be fully appreciated. Considering all details made inside the house, the size and value of the plot (5.477M2!), the antiquity of many of its pieces, the villa can and should be described as "absolutely delightful"! The idea of "Hotel Bed and Breakfast" could easily be developed, creating "nest" type bungalows scattered around the farm, keeping the current Casa-Cortijo as the Main Building, as well as assigning it to a "Health clinic", providing it with the services and adequate facilities, in the style of the Buchinguer, Incosol and other existing in the Coast; or as a Geriatric Center. The sky is the limit... (merely 335M2 of the 1.600M2 permitted has been built)
