This is a great opportunity to purchase 2 ground floor apartments next to each other, both are 1 bedroom. 1 bathroom properties with direct entrance from the street with disabled ramp and also from the communal areas. The properties were renovated in July 2020. There are two patios one of 21 m2 and another of 6 m2 assigned to each apartment. The properties are on a corner plot and are rectangular with 3 of the 4 sides commanding direct light and sun with shaded areas due to the good orientation. The development is well maintained and has just been updated. It includes; swimming pool, tennis court, football field, barbecue and tropical garden areas. The community fee also includes the water. These properties could easily be utilised as they are now ..two separate apartments or could be changed back into a large 3 bedroom by just installing two doors internally.
