[redacted]:Secure Gated Communities for contemporary homes connected with nature. Scattered among the hills at the centre of La Reserva, Sotogrande last residential district, you find gated communities overlooking the Mediterranean and set to become homes for like minded families seeking an authentic lifestyle away from the buzz and surrounded by exceptional amenities and with a sense of neighbourhood at their very core. Private and secure within a lush and natural parkland, the surrounding scenery unfolds around each property. The vision of Jean Mus, France's highly decorated ‘architecte paysagiste' offers a unique landscape where Provence finds its natural place here in Andalucia. Our distinctive gated communities are each offering their specific profile of plots sizes ranging from €800,000 to €8,000,000, and offering spectacular sea views on the Costa del Sol or enjoying the luxury of beachfront living in the middle of the hills. Each villa will enjoy the benefits of round-the-clock security, concierge and lifestyle services, along with privileges at La Reserva Club's sports and leisure facilities, and many more amenities available throughout the destination and its immediate surroundings. The Sotogrande International School offers a premier academic program right at La Reserva along with all community and health based amenities one would expect ensuring the whole family is provided for.
