■■■■■■■■:Soulfull is the word that best describes this villa. From stepping through its doors you are taken back to another era, when Marbella was 'new' and vibrant and you can literally feel its history telling from the walls. This villa is one of the originals, located in the coveted Lomas de Marbella Club on the Golden Mile between Marbella and Puerto Banus. The villa is built on 1,5 levels and features an exceptionally large living room with a feature fireplace and high vaulted ceilings. The large kitchen is adjacent to the living room and both have access to the terrace and swimming pool area. There is also a covered terrace terrace used as a winter-garden. The master bathroom with its huge en-suite bedroom is situated half a level up. In addition there is a guest bedroom and bathroom. There is plenty of potential for those who wish to add another bedroom or 2. Further the plot itself is very attractive at this location.
