■■■■■■■■:Beautiful spacious apartment with amazing views in Playamar, Torremolinos. Playamar is a one of a kind development on the entire Costa del Sol. The construction is top class and the urbanization is beautifully laid out with large gardens, tennis courts, two enormous swimming pools, mini-golf and two restaurants within the complex. It´s the ideal place both for permanent residence and holiday use. The community is gated and each building has a large common parking area. The apartment we´re offering for sale is in excellent shape and ready to move into. The property was totally refurbished only a few years ago. The master bedroom is ensuite and the views are amazing. If you´re looking for a great apartment in Torremolinos we highly recommend that you see this property.
